

TELEPHONE CONSUMER PROTECTION  
ACT (TCPA) OPT IN CONSENT FORM

U.S.D. 234 utilizes an automated parent notification system to quickly and efficiently notify parents of important school and district information. Such notices include information regarding **school closures/delays, security alerts, absence notifications, cafeteria balances, upcoming school activities and more.**

Due to recent changes to the Telephone Consumer Protection Act (TCPA), parents are now **required to “opt in” to receive automated communications on their mobile device.** This means parents must provide express consent to receive general messages through automated calls and SMS text messages on their mobile device(s). Consent is not required if the call or text is for emergency purposes or if made directly from a principal, teacher or other staff member.

Please note that you can revoke consent to receive these messages at any time.

Please take a moment to fill out this consent form indicating your desire to receive these important messages in the future.
